About the Author

On the Insert tab, the galleries include items that are designed to coordinate with the overall look of your document. You can use these galleries to insert tables, headers, footers, lists, cover pages, and other document building blocks. When you create pictures, charts, or diagrams, they also coordinate with your current document look. You can easily change the formatting of selected text in the document text by choosing a look for the selected text from the Quick Styles gallery on the Home tab.

You can also format text directly by using the other controls on the Home tab. Most controls offer a choice of using the look from the current theme or using a format that you specify directly.

To change the overall look of your document, choose new Theme elements on the Page Layout tab. To change the looks available in the Quick Style gallery, use the Change Current Quick Style Set command. Both the Themes gallery and the Quick Styles gallery provide reset commands so that you can always restore the look of your document to the original contained in your current template.

CHAPTER ONE

Using this Word kdp Template for Printing

Looking for a free and finest book template in Word? You can use this 6.69 x 9.61 book template to format and print your books. This template is especially made for kdp printing. You will not find such a perfect book template even on many paid websites. The heading at the top of this page is a “Level 2” heading. Everything has been properly organized and styled through Word’s style-sheets. Start your sections or chapters with this Level 2 heading.

ARE YOU A SELF-AUTHOR?

If you love writing books then you should definitely use this easy to use book layout for your next book. The heading above this paragraph is “Level 3” heading. Everything is formatted through

styles so instead of doing any manual formatting, you can easily modify associated styles to let your changes effectively apply at every instance of that formatting.

Feel free to personally use this outstanding book template in any of your fiction or non-fiction works. This is more than a blank book template in Microsoft Word; this is a complete book package for commercial printing.

PROFESSIONAL DESIGN & FORMATTING

The layout, design, formatting, automatic table of contents – just everything has already been done in this book template and this is for your Personal Use Only. We have included every necessary section into this book design template. Starting pages are numbered differently than the chapter pages. However, everything is still modifiable.

“We are providing some of the really useful and truly functional templates in Microsoft Word for free. You can download many templates for different genres.”

Even if you are not very good with Microsoft Word, still by using this template, you can make your book look awesome. Either write your book from scratch or copy your existing content into this template, you’ll definitely love it.

Make sure you check the “Navigation Pane” to know about the headings’ level and also check the “Styles” group for available styles.

This template is formatted into “Sections”. Every Section has its own properties, so please also take care of these things when inserting new sections into this template.

OUR “IMPORTANT NOTES”

Please first read our “Important Notes” document attached in the download package. Our templates usually consist of dummy text throughout the document so before you submit your book for final printing, make sure there remains no placeholder text in the manuscript.

ADDING NEW CONTENT

For adding new chapters / content into this template, simply copy these dummy texts entirely and paste them at the end of the document. Otherwise, write your chapters from scratch using the predefined styles in the template.

FIND THIS BOOK TEMPLATE USEFUL?

If you find this book template perfect for your writings then please spread the word and appreciate us by sharing these awesome and free templates with others as much as you can so that other people will also take benefits of our free great resources.
